We love our town and would love to have the town get a cleanup. Maybe we could all pitch in and do our town proud with a good old fashioned clean up!

Want to help but not sure how, here are some simple ideas:

**Householders**, how about we aim to mow and clean up the gardens on that weekend. If we do it together, the whole street would look excellent. (Remember to mow the footpath too.)

**Community Groups**: Choose a couple of streets which need rubbish removed. Gather your group and get out there and make a difference.

**Businesses**: First impressions are very important to a business. Clean up your area, footpath and surrounds. (Maybe even clean up a vacant block of land near you?)

And we will be asking Council and Main Roads to help out too, to make our town look its best!

*Together we can be proud of our beautiful little town!!*

*Thank you for your help,*

*Yandina Chamber of Commerce and Community.*
